

Breakfast is Served!

The Randolph Southern School Cafeteria serves Breakfast every morning for our students! It has been documented that students who eat a nutritious breakfast every morning do better on test scores and handle the stresses of the day better! Elementary students are to come to the cafeteria as soon as they enter the building or get off the bus and we will make sure they get a great breakfast before announcements. The cost of this breakfast is \$1.00 daily/\$5.00 weekly or .30 daily/\$1.50 weekly for reduced pay students and free to those students who qualify. Breakfast is served between 7:40 – 8:05 each morning. There are Paraprofessionals to monitor the children and make sure they get to class on time. High School students must go to the Elementary to pick up their breakfast but will eat in the High School Cafeteria. Take the stresses of the morning away and have your child eat breakfast at school. If you have any questions please contact Jenna Marquis at 874-2541 ext. 228.
