News

Did you know?

Potatoes can absorb and reflect Wi-Fi signals.

Honey will never go bad.

Ripe cranberries will bounce like rubber balls.

Grapes will explode if you put them in the microwave.

Chicken wings were considered throw away parts before Buffalo wings were invented.

An 11-year old invented the Popsicle by accident.

People once thought tomatoes were poisonous.

Apples are made of 25% air, which is why they float.

Although Froot Loops come in many colors, they are all the same froot flavor.
