Anti-Gang Policy

Indiana Code 20-26-18-2 requires that Indiana Schools establish a policy (5840) to address criminal gangs and gang activity in schools. This policy meets all of the requirements for the department’s model criminal gang policy set forth by Indiana Code 20-19-3-12(d).

Attendance Policy

Philosophy

The Randolph Southern School Corporation feels very strongly that student performance and achievement is directly proportional to school attendance and punctuality. We also feel that the responsibility for attending school is that of the student and their parents. This policy has been adopted to encourage student school attendance and punctuality, while taking into consideration unavoidable illnesses and emergencies.

Policy

Randolph Southern School Corporation insists that students be punctual and regular in school attendance. The State of Indiana and/or school policy lists the only legal excuses for absences from school to be personal illness, death in the immediate family, observance of religious holidays, service as an assistant for a political candidate during an official election and service as a page in the Indiana State Legislature.

Guidelines given to schools under Indiana Code

I.C. 20-33-8-10 Disciplinary powers of principals

Sec. 10. (a) A principal may take action concerning the principal's school or a school activity within the principal's jurisdiction that is reasonably necessary to carry out or prevent interference with an educational function or school purposes. (b) Subsection (a) allows a principal to write regulations that govern student conduct.

I.C. 20-33-2-28 Compulsory attendance; duties of parent; sending child to public school for full term

It is unlawful for a parent to fail, neglect, or refuse to send their child to a public school for the full term as required under this chapter unless the child is being provided instruction equivalent to that given in the public schools.

I.C. 20-33-2-25 Habitual absence from school; report to juvenile court or department of child services

The superintendent or an attendance officer having jurisdiction shall report a child who is habitually absent from school in violation of this chapter to an intake officer of the juvenile court or the department of child services.

I.C. 20-33-2-44 Penalty

A person who knowingly violates this chapter commits a Class b misdemeanor.

Indiana Law I.C. 20-33-2-11 Operators license or learner's permit for habitual truants The minimum requirements for qualifying for the issuance of an operator's license or a learner's permit, an individual who is 1) At least 13 years of age, but less than fifteen 2) A habitual truant under the definition of habitual truant established under subsection (b); and (3) Identified in the information submitted to the bureau of motor vehicles under subsection (f); may not be issued an operator's license or learner's permit under IC 9-24 until the individual is at least (18) years of age. The definition of habitual truant is: A student who is chronically absent by having unexcused absences from school for more than ten (10) days of school in one (1) school year.

Absences

Excused Absences	
1.	Personal illness.
2.	Illness in the family
3.	Quarantine of the home
4.	Death of a relative.
5.	Required court appearances or probation appointments
6.	Observance of religious holiday
7.	College visitation or military recruitment

Attendance at schools other than R.S.

Students enrolled in the Richmond Area Career Center or other campuses must attend according to the respective school calendars, except when we have school delays or closing due to weather.

In-School Suspension (ISS)

Students are sometimes disciplined by being placed in In-School Suspension for one or more periods. When a student is assigned to in-school suspension, he/she is counted present at school. Work for each class will be completed in ISS.

Make-up Work

Class work missed shall be made up. The student is responsible for contacting the teacher for make-up work and assignments immediately upon return to school. Students have one (1) day to make up work for each day absent per board policy [\(5200\)](#).

Out-of-school suspension (OSS)

Students serving out-of-school suspension are permitted to make-up work missed during the term of the suspension.

Perfect Attendance

Semester Perfect Attendance Awards are issued to students who have not been absent or tardy.

Tardy to School and Class

Tardiness is unacceptable and will not be tolerated. Teachers will keep track of tardiness and report students to the office when tardiness becomes excessive. When a student has received **3** tardies, he/she will receive 1 hour after school detention. When a student receives tardies 4-8 they will be assigned Friday School. When a student has received 9 tardies he/she will receive 2 days of out of school suspension and assigned to suspension school.

Truancy

Truancy is when a student misses a school day or part of a school day without permission of both the principal and the parent.

Truancy and tardiness will require a parental conference with a school administrator and/or result in disciplinary action up to and including suspension from school. Habitual truancy can result in legal action at any grade level, which may include a referral to Randolph County Juvenile Probation or Child Protection Services.

A student may have a maximum of eight (8) absences per year. If the student absence is excused, those days will not be counted against the eight (8) absences. The ninth unexcused absences will generate a referral to Randolph County Juvenile Probation or Child Protection Services. The tenth (10th) absence and every additional absence will result in the student being assigned to four hours of after school detention to make up for time loss. Letters informing parents of unexcused absences or phone calls home, will occur after each unexcused absences. Any extended illness may qualify the student for alternative instruction.

Attendance Procedures

Alerting School of Absence

The student's parent/guardian must notify the office giving the reason for the student's absence. If it is impossible for the parents to call or email the school, it is permissible to substitute with a signed, written statement from parents explaining the absence. Students should take this statement to the high school office when they return. If a student fails to submit a written excuse, the absence will be considered unexcused and truancy. When a student is only absent for part of the day, he/she still must have the absence verified by his/her parents. A half-day absence is considered to be the following: 8:00 am. – 11:30 a.m. or 11:30 a.m. – 3:02 p.m.

Extracurricular Involvement

Students may not participate in or attend school events on the days they are absent from school. Any exceptions must be approved by the principal. Medical appointments and other emergencies will be considered on a case-by-case basis. To participate in extracurricular activities, the student must be in attendance by 11:30 of that day.

Illness Absence

Parents should call the school prior to 8:15 a.m. on the day(s) their children will be absent due to illness.

Illness at School

Students who become ill should report to their teacher who will send them with a pass to the office. From the office they will sign out to go to the nurse. The school nurse will then sign their pass, adding the time they left the clinic before the student returns to the office to sign back in. The office will then initial the pass and place the time the student left the office on the pass. If the nurse is not in, the student is to see a principal, counselor or office secretary. Students are not permitted to spend more than 60 minutes in the clinic. Before a student is permitted to go home due to an illness, a parent will be notified by the school nurse or

high school office.

Medical Appointments

When leaving school during the day for a medical (doctor, dentist, optometrist, etc.) appointment, all students (regardless of age) must bring a written excuse from their parents or their parents must contact the office and state the time they will be leaving school and the reason. Students must be signed out prior to leaving the building. Students must then bring written verification from a doctor, dentist or other professional needs that must be presented to the main office upon entering school.

Late to School

Students will need to sign in at the high school office if they are late to school. A pass will be required to enter their first class of the day. When tardiness becomes excessive, disciplinary action will be taken. ([See Discipline Chart](#))

Leaving School

Students leaving the building during the school day must sign out in the office. Students will not be allowed to leave school during the school day without verbal or written permission from their parent/guardian, principal or designee. This applies to all students regardless of age. The only student who does not need a note to leave school for appointments, etc. is a student who has been declared emancipated. In addition, students who leave school grounds at any time during the school day must have the permission of the principal, or the principal's designee. Failure to obtain permission will result in the student being considered truant. Students will not be allowed to leave school or miss class to run errands such as returning home to get clothes, books and other materials, without permission. Students are not allowed to leave school to eat lunch.

Other than Illness

Other absences must be prearranged and excused by the principal in accordance with the adopted school policy.

Guest passes will be worn by anyone who is not in the building on a daily basis. This will include counselors from mental health agencies, repair persons, teachers-of-record, guest teachers, and visiting parents or students.

Anyone who wishes to visit the school building will need to meet the school principal. The principal will meet with parents and other interested adults as time permits. If you would like to meet with the principal, it is encouraged to make an appointment by calling the school office. Friends of students will not be allowed to visit during school hours nor will they be allowed to park on school property and be visited by students during school hours. The principal must approve any exception to this policy.

If you would like to meet with a teacher, please schedule a meeting that gives at least 24 hour notice.

Note: All doors in the building are equipped with panic bars and are accessible for exit anytime during the school day.

Bullying

No student in the Randolph Southern School Corporation should be subjected to bullying. Bullying will be defined as engaging in any kind of aggressive behavior that does physical or psychological harm to another person or urging other students to engage in such conduct. Prohibited conduct includes coercion, harassment, hazing or other comparable conduct and includes using computers, email and social media sites. Acts of bullying will not be tolerated and disciplinary actions will result. Indiana Code 20-33-8-13.5 requires that Indiana Schools establish a policy (5517.01) directed toward bullying in schools. Furthermore, in subsection (b) it states that students may be disciplined for acts of bullying regardless of the physical location in which the bullying behavior occurred, whenever (1) the individual committing the bullying behavior and any of the intended targets of the bullying behavior are students attending a school within a school corporation; and (2) disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to the rights of others to a safe and peaceful learning environment.

Bus Regulations

1. Riding the school bus is a privilege. Improper conduct on the bus will result in that privilege being revoked.
2. Bus students are to go immediately to the buses as soon as they are dismissed from school in the afternoon.
3. Drivers are supplied with school bus discipline report forms. These forms will be used for the following misconduct:
 - a. Failure to remain seated while the bus is in motion.
 - b. Refusing to obey the bus driver.
 - c. Fighting with or bothering the bus driver.
 - d. Other behavior that may jeopardize the safety of students or disrupts students or drivers.
4. After a bus driver has exhausted the methods of correcting behavior on the bus, he/she will then utilize the written report,

which will then be given to the building administrator and the central office. Some methods of correcting behavior may include but not be limited to such things as the following:

- a. Assigned seats.
 - b. Use of the front seat as a disciplinary measure.
 - c. Verbal warnings.
 - d. One day suspension of riding privileges with notification to school, central office, and parents.
5. If a student is written up for any of the above activities, the building administrator will usually employ the following actions:
 - a. First Offense - A warning to the student, with a bus driver present and a report to the parents. It is hoped that the parents will help prevent a recurrence as school bus safety is a responsibility of all and parents are responsible for the behavior of minors.
 - b. Second Offense - One-day suspension of riding privileges and a conference with driver, student, and parents. A written report will then be issued notifying the parents of the consequence of a third offense
 - c. Third Offense - Automatic suspension of riding privileges. The length of time will depend upon the seriousness of the violation and the attitude of the student and parents. This includes a conference with bus driver, student, and parents. A copy will be given to the bus driver.

NOTE: Any flagrant violation, which jeopardizes the safety of children, will be dealt with as a third offense.

Also, if your household income is within the limits on the Federal Income Chart, your children can get free or reduced price meals. If at any time during the school year you believe your income may be within the Federal Income Guidelines, applications are available at the beginning of every school year during registration, on our website, and in the principal's office. Only one application per household is necessary. We must have an application on file unless you receive a letter stating you have already been approved

and do not need to fill one out. If you have any questions or need assistance concerning the application please contact our Food Service Director, Jenna Marquis at 765-874-2541, ext. 228.

Randolph Southern School Corporation has a prepay computerized lunch system that allows students and parents to prepay for meals. Parents should send in money to cover all meals and extras that your child will be purchasing. Lunch money is accepted anytime during the week. Meal charges are discouraged. However, an occasional emergency makes it necessary to charge a lunch. A student may only charge five (5) lunches, which is a total of \$12.75. Emails and letters are sent when children get close to or exceed the charging limit. If a parent does not communicate with the Food Service Director, Jenna Marquis as to when charges will be paid, students will be served an alternate meal consisting of a peanut butter sandwich and juice. Alternate meals will only be provided for two (2) days. After that time period, parents must provide lunch including drinks for their children until the charges are paid in full. Students are notified of their lunch balance daily.

Randolph Southern School Corporation promotes healthy food and beverage choices for lunch and follows IC 20-26-9-19. We ask that students follow this policy when bringing food from the outside to be consumed in school.

Per IC 20-26-9-19:

Lunch Procedures

Students are to enter the cafeteria through the double doors next to the office and be seated at the tables. High School students will be dismissed to form a single file line in front of the stage and enter the serving line at the southwest entrance nearest the band room. After high school students have gone through the line, jr. high students will be dismissed. Students are not to be in the student locker area for any reason during the lunch period without permission. Students desiring to use the restrooms during a lunch period must request permission. Students are not permitted in the student parking lot during lunch hour. Lunches prepared at home and carried to school by the student or a lunch delivered to the school office by a parent or guardian prior to the lunch period is not considered a competitive lunch. The parent or guardian may only deliver a packed lunch for their child(ren), not for several unrelated children. Deliveries of lunch should take place in the high school office. Students are not allowed to leave school to go purchase lunch during the school day. Students are expected to clean up and dispose of trash after eating. Glass containers are not permitted in the Cafeteria.

Cell Phones/ Electronic Devices

As per board policy [5136](#), students will follow principal and teacher guidelines within each classroom for electronic devices.

Important Notice to Students and Parents Regarding Cell Phone Content and Display

- The Child Abuse/Neglect Law requires school personnel to report to law enforcement or child protective services whenever there is reason to believe that any person/student is involved with “child exploitation” or “child pornography” as defined by Indiana Criminal Statutes.
- It is “child exploitation”, a Class C felony under I.C. 35-42-4-4(b), for any person/student (1) to exhibit, photograph or create a digitized image of any incident that includes “sexual conduct” by a child under the age of 18; or (2) to disseminate, exhibit to another person, or offer to so disseminate or exhibit , matter that depicts or describes “sexual conduct” by a child under the age of 18.
- It is “child pornography”, a Class D felony under I.C. 35-42-4-4(c), for any person/student to possess a photograph, motion picture, digitized image, or any pictorial representation that depicts or describes “sexual conduct” by a child who the person knows is less than 16 years of age or who appears less than age 16.
- “Sexual conduct” is defined by I.C. 35-42-4-4(a) to include intercourse, exhibition of the uncovered genitals intended to satisfy or arouse the sexual desires of any person, or any fondling or touching of a child by another person or of another person by a child intended to arouse or satisfy the sexual desires of the child or other person.

LEGEND: ISS In-School Suspension
 OSS Out of School Suspension
Court Appearance Must appear in Randolph County Circuit Court at a designated date and time for disciplinary hearing (not a criminal hearing).

A student may be suspended or expelled for engaging in unlawful activity on or off school grounds if the unlawful activity may reasonably be considered to be an interference with school purposes or an educational function, or the student’s removal is necessary to restore order or protect persons on school property. This includes any unlawful activity meeting the criteria in the appendix, which takes place during weekends, holidays, other school breaks, and the summer period when a student may not be attending classes or other school functions. IC 20-33-8-14 Sec. 14 (b) gives grounds for suspension or expulsion.

NOTE: Administrators may elect to use corporal punishment as an alternative to any of the above stated penalties, depending on the seriousness of the offense(s). The administering of corporal punishment will always be by an administrator in the presence of a witness. (Parents may call the school and deny the use of corporal punishment, followed up by a letter; however, they must realize the only recourse is suspension from class or school.) Repeated disciplinary referrals will be subject to more severe penalties (repeated offenses are subject to more disciplinary action).

The following regulations must also be followed:

(Remember study halls and being a cadet does not count as a credit.) Probation prohibits a student from participating in sports or attending extracurricular sponsored events such as school dances. Students on academic or athletic probation may attend athletic events as spectators. This probation is in effect until the next grading period or semester grades are given.

Audit/Retake of a Class

Students may retake a course to improve both foundational skills and grade earned; however, NOT to improve class rank. If a class builds on sequential knowledge, it must be taken the following year (Example: Spanish 1 or Algebra 1). Grades earned in courses that are retaken, count toward a student's GPA but not class rank.

Class Rank

Randolph Southern will determine class rank starting with the highest recognized diploma. The order is as follows: Academic Honors Diploma, Technical Honors Diploma, Core 40, General Diploma. Students attaining the Honor Diplomas will be ranked above students earning the Core 40 or general diploma. This criterion will be the determinant in choosing the class valedictorian and salutatorian. The student's overall GPA will be figured. Students must be in attendance at Randolph Southern Jr. Sr. High School during their last four semesters to earn the honor of being selected as the Valedictorian or Salutatorian. No grades in courses retaken will be considered in the Valedictorian or Salutatorian status.

Graduation Qualifying Exam

Every high school student receiving a general, Core 40 or Honors diploma must either pass a Graduation Qualifying Exam or complete a pathway. Randolph Southern had various pathways available to students. Students taking Biology I for the first time are required to take the ILEARN Science assessment as part of the on-going school improvement plan. Beginning with the class of 2023 and beyond, the graduation qualifying exam becomes the SAT. This test is administered at Randolph Southern.

A student who has a disability shall be tested with appropriate accommodations in testing materials and procedures unless that student's IEP determines that End of Course Assessment testing is not appropriate for the student and that an alternate assessment will be used to test the student's achievement.

Students who expect to graduate are required to meet the following:

1. The academic standards tested in the SAT exam (Class of 2023 and beyond) or fulfill a pathway; and
2. Any additional requirements established by the Randolph Southern Board of Education.

A student who does not meet the academic standards tested in the SAT Exam shall complete a Graduation Pathway to fulfill this requirement.

It is the student's responsibility to see that all incomplete work is made-up and the incomplete is removed. UNLESS emergency conditions are present, all incomplete grades are expected to be made-up and/or converted to grades at the end of two (2) weeks. Additional time may be granted with teacher and administrator approval of a written contract with the affected student. If the work has not been made up within the agreed upon timeframe, the grade will be converted to an "F".

PLATO

Randolph Southern Jr.-Sr. High School recognizes that some students need additional help to successfully complete graduation requirements. PLATO is offered to provide students lacking in course requirements for graduation the opportunity to fulfill those requirements. PLATO is an online credit recovery program where students work at their own pace to complete high school credits.

Eligibility:

Placement in the PLATO (credit recovery program) is determined by the principal and/or guidance department. The following criteria are considered for placement in PLATO:

1. A student must be on a diploma track and referred to the program by a school administrator and/or guidance counselor AND
 - a. Has attempted and failed to complete the traditional academic course at least once prior to consideration
 - i. Criterion:
 1. Completed 90% of assignments on time
 2. No more than five tardies in a semester
 - OR

 - c. If a senior is unable to resolve a scheduling conflict for a required course or for college preparation.
2. A conference must be conducted with an administrator or guidance counselor and the student to discuss expectations.

Behavioral Expectations:

A student's participation in PLATO is a privilege and opportunity to regain credits and complete requirements for graduation. Failure to follow the attendance/tardy policies and behavior/conduct rules will result in the students not earning credit. There are limited openings in the program and only students who are serious about meeting the attendance and behavior rules will be admitted. Success in the program is contingent upon the student being at school every day and on time.

Release of Directory Information

The public has access to directory information about students attending Randolph Southern. Directory information includes the student's name, address, and telephone listing; date and place of birth; major field of study, participation in officially recognized activities and sports; weight and height for members of athletic teams; dates of attendance; degrees and awards received and the most recent previous educational agency or institution the student attended. Federal and Indiana privacy laws require schools to release directory information, including recruiting representatives of the U. S. armed forces, the Indiana Air National Guard, the Indiana Army National Guard, and the service academies unless the parents or an 18 year old or older student gives the school written notice requesting the school not release this information. A written request has to be received prior to September 1st of the year the request becomes effective.

Videotapes made on buses or for security purposes are generally considered educational records and will not be shared with the public. However, portions of a video tape that results in a student being disciplined may be shared with their parents

Remediation Program for Students Who Have Not Passed the Graduation Qualifying Exam, ISTEP Exam, or ILEARN Exam

Randolph Southern's goal is to reach a graduation rate of 100%. Students who have taken and not passed the End of Course Assessment in Algebra I and English 10 or ISTEP+ Math and English 10 shall attend the remediation programs offered by the school.

Suspensions

Students shall understand that out-of-school suspension prevents them from participating in/or attending any extracurricular event for those days of suspension. Students are afforded the opportunity to complete any assignments missed during the term of the suspension. Missed classes/days do count toward the eight day/class per semester attendance total.

NOTE: A student who is suspended from school is not permitted on school property on the days he/she is suspended. This includes field trips, extracurricular activities, etc. A student would also be ineligible for the Jr./Sr. Prom and the Senior Trip if he/she is suspended during this time period.

Randolph County Day Reporting Center Program

This program will mandate that any student in grades 7-12 suspended from school be required to attend the Day Reporting Center during the time of the suspension. The student and parent may be required to appear in front of the Randolph County Circuit Judge depending upon the severity of student misconduct and/or disobedience. The high school principal will make a referral and provide documentation to the Randolph County Probation and Circuit Court if warranted. Parents will be responsible for transporting students to and from the Day Reporting Center for each day suspended. Students will be required to complete homework, serve community service, and participate in life skills training. The intent of this program is to provide a supervised alternative to suspension, provide early intervention via probation/court system, maintain academic involvement, strengthen student accountability, and increase parent involvement. The Day Reporting Center will be located in at 335 S. High St. in Winchester. The Greater Randolph Interlocal Consortium will facilitate day to day operations.

Textbooks & Chromebooks

All basic textbooks and Chromebooks are rented to students for their use during the school year. The student pays for workbooks and other supplies. Textbooks are to be kept clean and handled carefully. Please be sure your name is written on the label in case the book is misplaced. You will be required to pay for lost or damaged textbooks and Chromebooks.

Voluntary Drug/Substance Abuse Testing Program

MISSION STATEMENT

The Randolph Southern Jr./Sr. High School drug/substance abuse-testing program has three primary objectives.

1. To ensure student safety: Safety is a necessity any time students are at school, en route to or from school, and en route to or from a school-sponsored activity.
2. To provide a positive learning environment for students: A successful and productive learning environment cannot exist if students' minds are dulled by drug/substance abuse.
3. To ensure that those students who represent Randolph Southern Jr. Sr. High School are free from drugs and other dangerous substances: Students who are free from drugs and other dangerous substances are essential to a successful and productive learning environment in classrooms, athletic fields, and other competitive areas.

Drug/substance abuse is a national problem, it is illegal, it is a danger to physical health, and it is a major obstacle to learning.

INTRODUCTION

This drug/substance abuse-testing program does not affect the current policies, practices, or rights of Randolph Southern Jr. Sr. High School in regard to possession or use of alcohol, drugs, and other dangerous substances when reasonable suspicion is established by means other than drug/substance abuse testing through this program.

If a student's behavior causes school personnel to have reasonable suspicion of the use of alcohol, drugs, or other dangerous substances, an administrator/designee may call the student's parent/guardian and suggest that the student be tested for such use. Indicators producing reasonable suspicion include, but are not limited to, speech; odor; previous drug, substance, or alcohol test results; excessive discipline problems; excessive absences; decline in grades; and/or other signs of being under the influence of alcohol, drugs, or other dangerous substances.

Randolph Southern Jr. Sr. High School reserves the right to request the parent/guardian to permit testing of any students who at any time exhibits cause for reasonable suspicion of the use or possession of drugs, alcohol, or other dangerous substances. A parent/guardian may refuse such testing; however, the school will follow current practices as outlined in the Due Process Procedures in the Student/Parent Handbook.

A parent/guardian may request testing of students at the expense of the parent/guardian.

PURPOSE

The purpose of this program is to provide a diagnostic aid in disclosing Drug/Substance Abuse among Randolph Southern students. It is not intended to be disciplinary or punitive in nature. It will identify students with Drug/Substance residues in their bodies to notify these students' parents/guardians and to guide students toward healthy safe and drug free participation in school activities. By promoting health and safety, this program is a part of the Randolph Southern Jr. Sr. High School's physical and mental education programs. Students involved in extracurricular and co-curricular activities and who drive to school must be exemplary in the eyes of their peers and the community, and they must be free of alcohol, drugs, and other dangerous substances in order to participate safely in these activities. The need to insure student safety is the primary reason for restricting students from participating in school activities and driving if they test positive for drug/substance abuse.

OBLIGATION TO GOVERN THE MEDICAL CONDITION OF STUDENTS

The Legal obligations is set forth in Indiana Code 20-8.1-7 which sets forth health measures to be governed by school officials and most specifically, Indiana Code 20-8.7-3 establishes the responsibility of school to assist children to be ill or in need of treatment.

SCOPE

Participation in extracurricular and co-curricular activities is a privilege. This policy applies to all Randolph Southern Jr. Sr. High School students in grades 7-12 who wish to participate in extracurricular and co-curricular activities that are listed in the current handbook and any other school sponsored extracurricular activities not listed. It also includes any student who wishes to drive to school, from school or during school.

DRUG EDUCATION

The sponsor or AD of each extracurricular activity will verify at a required meeting that all prospective participants have received a copy of this policy. Each driver to school shall receive a copy of this policy at the beginning of each school year. A copy of those students who receive a policy will be maintained in the Principal's Office. Students will receive information as to where they can seek professional help, if needed, for a use or abuse problem.

CONSENT FORM

It is Mandatory that each student who drives or participates in extracurricular or co-curricular activities sign and return the "consent form" prior to participation in any extracurricular or co-curricular activity. Failure to comply will result in denial of driving privileges and or in non-participation. Any Randolph Southern Jr. Sr. High School student and his/her parent/guardian must submit by the first Monday in September of each school year the consent form (attached) in order to be eligible to participate in any of the following activities.

1. Extracurricular Activities
2. Co-curricular Activities
3. Driving a vehicle to school

Students who do not participate in any of the above activities may be included in the Drug/ Substance Abuse program by submitting a completed consent form. This form can be student or parent initiated.

TESTING PROCEDURE

1. *The selection of participants to be tested will be done randomly by the Principal/administrative designee*, and selections will be made from time to time throughout the school year. Student identification numbers specific to this program will be assigned to each participant. Identification numbers for each random testing will be drawn from one large pool of those agreeing to be tested. There will be only one copy of the listing of students consenting to be tested and their identification numbers. This copy will be maintained by the building principal. Testing may occur any day, Monday through Saturday. This variable schedule will keep students conscious of the possibility of being tested at any time during the year. Each student will be assigned to a number that will be placed in the drawing.
2. No student will be given advance notice or early warning of the testing. In addition, a strict chain of custody will be enforced to eliminate invalid tests or outside influences.
3. Upon being selected for a urinalysis test under this policy by random draw or a follow-up test, a student will be required to provide a sample of "fresh" urine according to the quality control standards and policy of the laboratory conducting the urinalysis.
4. All students will remain under school supervision until they have produced an adequate urine specimen. If unable to produce a specimen, the student will be given up to 24 ounces of fluid. If still unable to produce a specimen within two hours, the student will be taken to the principal's office and told he/she is no longer eligible for any of the extracurricular activities. In addition, the parents/guardians will be telephoned and informed the student is unable to produce a sample for the testing procedure and that he/she may be tested at a later date, or the option of the Randolph Southern nurse taking the sample and sending it to Witham, to be reinstated for eligibility.
5. All specimens registering below 90.5 degrees or above 98.8 degrees Fahrenheit will be invalid. There is a heat strip on each of the specimen bottles indicating the validity of the urine specimen by temperature. If this occurs, the student must give another specimen.
6. If it is proven that tampering or cheating has occurred during the collection, the student will become ineligible for all the "extracurricular activities" for the remainder of the school year. This will be reported to the parent/guardian.
7. Immediately after the specimen is taken, the student may return to class with an admit slip or pass with the time he/she left the collection site. The principal/administrative designee must time and sign the pass. Submitting to random drug testing will be considered an excused absence from class and there shall be no penalty to grades.
8. The specimens will then be turned over to the testing laboratory, and each specimen will be tested for alcohol, nicotine, and "street drugs" (which may include all drugs listed as controlled substances under the laws of the state of Indiana). Also "performance enhancing" drugs such as steroids may be tested.
9. The school will select one or more laboratories to conduct the testing. The laboratory selected must follow the standards set

by the Department of Health and Human Services. It must be certified under the auspices of the Clinical Laboratory Improvement Act (CLIA) and the Joint Commission of Accreditation of Healthcare Organizations (JCAHO).

CHAIN OF CUSTODY

1. The certified laboratory will provide training and direction to those who supervise the testing program, set-up the collection environment, and guarantee specimens, and supervise the chain-of-custody. To maintain anonymity, the student's number, not name will be used.
2. The principal/administrative designee will be responsible for escorting students to the collection site. The student should bring all materials with him/her to the collection site and should not be allowed to go to his/her locker. The administrator should not bring all the students drawn from the pool to the collection site simultaneously. Calling four or five students at a time allows the collections to be carried out quickly and will not cause students to wait a long time, thereby creating a loss of important time from class (participants may be called after school during activity time).
3. Before the student's urine sample is tested by the laboratory, the student shall fill out, sign, and date any form, which may be required by the testing laboratory. If a student chooses, he/she may notify the administrator that he/she is taking a prescription medication.
4. A sanitized kit containing a specimen bottle will be given to each student. The bottle will remain in the student's possession until a seal is placed on the bottle. The student will sign that the specimen has been sealed. *Only the lab testing the specimen may break the seal.*
5. If the seal is tampered with or broken, after leaving the student's possession and prior to arriving at the lab, the specimen is invalid. The student will be called again as soon as possible. The student will remain eligible for extracurricular or co-curricular activities subsequent to a retest.
6. Students will be instructed to remove all coats and wash their hands in the presence of the supervisor prior to entering the restroom. The door will be closed so that the student is by himself/herself in the restroom to provide a urine specimen. The supervisor will wait outside the restroom. The student will have two minutes to produce a urine specimen. The commode will contain a blue dye so the water cannot be used to dilute the sample. The faucets in the restrooms will be shut off.
7. After it has been sealed, the specimen will be transported to the testing laboratory by lab personnel. The testing laboratory will report the results back to the principal/administrative designee.
8. In order to maintain confidentiality the container, which contains the urine specimen to be tested, will not have the name of the student on it. Instead, the student's random identification number will appear on the container. Also the results sheet for the urinalysis will be mailed back to the principal/administrative designee with no name attached; only the student's random identification number will appear on the results sheets.

TEST RESULTS

1. This program seeks to provide needed help for students who have a verified "positive" test. The student's health, welfare, and safety will be the reason for preventing students from participation in co-curricular or extracurricular activities or from driving to, from, and at school.
2. The principal/administrative designee will be notified of a student testing "positive" (that is, if the test shows that drug residues are in the student's system after using at least two different types of analysis). The principal/administrative designee will notify the student and his/her parent/guardian. The student or his/her parent/guardian may submit any documented prescription, explanation, or information, which will be considered in determining whether a "positive" test has been satisfactorily explained.
In addition, the student or parent/guardian may appeal by requesting that the certified laboratory, at a cost to the student or his/her parent/guardian, test the urine specimen again.
3. If the initial test is verified "positive", the principal/administrative designee will meet with the student and his/her parent/guardian at a school corporation facility. The student and parent/guardian will be given the names of counseling and assistance agencies that the family may contact for help. The student will be prevented from participating in co-curricular and extracurricular activities until after the principal/administrative designee requests a "follow-up" test and negative results are reported. This non-participation includes practices, meetings, trips, and any other activities of that group. The principal/administrative designee will request a "follow-up" test after such an interval of time that the substance previously found would normally have been eliminated from the body. If this "follow-up" test is negative, the student will be allowed to resume "limited participation" in co-curricular and extracurricular activities. "Limited participation" allows a student to participate in practices and/or attend meetings. A student under limited participation may not participate in contests or activities as a representative of school. If a second "positive" result is obtained from the "follow-up" test, or any later test of that participant, the same previous procedure shall be followed. Student driving privileges will not be suspended for positive nicotine test. A student who only participates as a student driver will not be tested for nicotine.
4. Students who have tested positive without satisfactory explanation and who have provided a negative follow-up test will be granted "limited participation" in co-curricular and extracurricular activities for 25% of the season or calendar of each activity in which the student is involved. For clubs and organizations that meet the entire year, the period for "limited

participation” shall be for the next nine weeks. For activities such as athletics that have defined seasons, the 25% period will be defined as 25% of the scheduled contests for that activity. If a student is placed on limited participation with less than 25% of the calendar or season remaining, the remainder of the 25% will be served at the beginning of the next season or calendar in which the student has previously participated. The period of limited participation upon a first offense may be waived by the building principal if the student produces documentation of satisfactory assessment/counseling by a school approved agency. The student and/or his/her parents would be responsible for any fees associated with the approved assessment/counseling. On a student’s second positive test without satisfactory explanation, the period of limited participation shall be one full year. This period of limited participation can be decreased to 50% of a season or calendar by the building principal if the student produces documentation of satisfactory assessment/counseling by a school approved agency. The student and/or his/her parents would be responsible for any fees associated with the approved assessment/counseling. On a third unsatisfactory positive result the student will lose eligibility to participate the remainder of their middle or high school career depending on the student’s grade level. A student who has tested positive three times in grades 6-8 would lose eligibility in middle school but would regain eligibility upon entering high school. Offenses under this policy will not accumulate from junior high school to high school. In addition, Randolph Southern Jr. Sr. High School reserves the right to continue testing any participating student who at any time during the school year tested “positive” and did not make satisfactory explanation.

5. Information on a verified “positive” test result will be shared on a “need to know” basis with the student’s coach or sponsor. The results of the “negative” tests will be kept confidential to protect the identity of all students being tested.
6. Drug testing result sheets will be returned to the principal/administrative designee identifying students by number and not by name. Names of students tested will not be kept in open files or on any computer. Result sheets will be locked and secured in a location to which only the principal/administrative designee has access.
