

# Child Care Resource & Referral Program Services

Providing onboarding supports and resources for early education programs

Indiana's five local Child Care Resource and Referral agencies support emerging child care providers to begin early care and education programs and engage in the broader early childhood system.

**Connect with your local agency to access the following services:**

## Start Up Support

Receive support in starting a child care business in communities where there is a need for high-quality child care.

## Licensing Supports

Access orientation trainings and information about the licensing process.

## Business Supports

Increase knowledge of child care business operations.

## Connections

Connect to statewide system partners and other community supports such as grants or professional development opportunities.

## Tips

Access other tips and resources.
